Projects

Online Food Order and Delivery Management System

THE EWU SLICE

- Developed a full-stack web application inspired by Domino's Pizza for an online chained restaurant platform as part of the CSE 412 - Software Engineering course at East West University. This platform allows customers to browse menus, customize orders, track deliveries in real-time, and access personalized experiences, while also providing powerful admin and rider dashboards for restaurant management and delivery tracking.

AI-powered PDF Q&A Chatbot

AskAnnBot

- Built an interactive chatbot using **Streamlit, LangChain, FAISS, and Google Gemini** that enables users to query PDF documents and receive precise, context-grounded answers.
- Implemented RAG pipeline with **Sentence-Transformers** for embeddings, FAISS for retrieval, and integrated per-chat memory for coherent multi-turn conversations.

Extracurricular Activities

English Proficiency Test: Ielts Score: 7.5

Club: Former Senior Executive (Social Media Manager), EWUCoPC.

Achievements

2nd place, Poster Presentation, **EWU National Science Carnival 2.0.**

Pearson Edexcel **High Achievers' Award 2018** for O'Levels.
